Property Line Adjustment Requirements

Revised Feb 2011

General Information

In order to change the location of the property lines of two or more adjoining parcels of real property, by transferring property from one owner to another, the following requirements shall be completed prior to receiving final approval from Sandy City. This same process must be followed for joining two properties together. We strongly recommend that the advice of a **title company and land surveyor** be retained to help the applicant through the process. The applicant must complete the requirements found on page 2.

Information Required For a Complete Submittal

1. _____ Submit the following information to Sandy City for review and approval:
 - A. Property legal descriptions as follows:
 - 1) A legal description for each of the properties that will be affected by the proposed changes, as they are currently exist on record with the Salt Lake County Recorder's Office. Include the square footage and the Salt Lake County parcel number of each property.
 - 2) A legal description for each of the properties that will be affected by the proposed change, in their final proposed configuration(s). Include the new square footage and the Salt Lake County parcel number of each property.
 - 3) Each legal description shall be prepared, stamped certified, and signed by a professional land surveyor that is currently licensed in the State of Utah.
 - B. Property transfer deed(s) that are executed, but not recorded. In most cases, this can be done with two deeds. For example:
 - Deed from Property Owner "A" to Property Owner "B" the final proposed legal description of Property Owner "B".
 - Deed from Property Owner "B" to Property Owner "A" the final proposed legal description of Property Owner "A".

In the event of a lot/property consolidation, there would be one deed from the Property Owner to themselves with the proposed combined legal description. This deed should contain a specific notation as to the purpose of this deed relating to a property consolidation.
 - C. "Notice of Approval" document (see example document attached hereto) that is completely filled out and properly executed by all affected parties that have ownership interest in the subject properties, declaring approval of the property line adjustment. All signatures shall be acknowledged by a currently authorized notary public.

Note: Electronic copies of this document are available from the assigned planner for input and customization for the specific case information.
 - D. A plat map exhibit showing how the parcels will be configured upon completion of the Lot Line Adjustment. Show a north arrow and scale, bearings and distances, curve tables, location of structures, easements, setback lines or other information as requested by Sandy City. This shall be on an 8.5" x 11" paper.

Note: All easements, as shown on the original Subdivision Plat or those of record, will not be altered through this action. If you are seeking to build over these easements or adjust their location in any way, this must be handled through a separate real estate transaction with the affected entities. Proof of those easement releases must be presented at the time of building permit application. You may need to consult with a Property Attorney, Title Company, or Licensed Surveyor for more information to resolve these issues.

All Deeds of Trusts, Mortgages, Notes or other documents that adversely affect the title to these affected properties are not amended through this action. These must be amended through a separate real estate transaction with the affected entities. You may need to consult with a Property Attorney, Title Company, or Licensed Surveyor for more information to resolve these issues.
2. _____ Pay the Application Fee (Verify fee amount with Staff)
3. _____ Upon receiving the approved and executed "Notice of Approval" document from Sandy City, have the following recorded at the Salt Lake County Recorder's Office, in this order:
 - A. Property transfer deed(s).
 - B. The "Notice of Approval" document with the attached map exhibit.
4. _____ Return a copy of the recorded documents referenced in step 3 to the assigned planner.
5. _____ Provide a separate limited title report or informational report (provided by a title company) for each of property that was altered, showing that the property was properly transferred and configured as approved by Sandy City.

When Recorded Return To:
